At the White House

The Chinese Minister Pre-
sented to the President.

COMPLIMENTARY SPEECHES.

Strange Dress of the Minister and His
Attaches—An Appeal From the New
York Collector of Customs—Other
Washington Dispatches.

WASHINGTON, Oct. 4.—Tsui Kwo Yin,
the minister plenipotentiary and envoy
extraordinary of the Emperor of China
to the United States, Peru and Chili,
with four members of his suite, was
formally presented to the president yester-
day. The ceremony took place in the
blue room at the White House. Before
going to the White House the minister
and his attaches called on Mr. Blaine
and were escorted by him to the White
House.

The minister's credentials which
he carried in his hand, consisted
of a long roll of papyrus wrapped on a
stick and enclosed in yellow paper. The
bundle was more than a foot and a half
long and several inches in diameter.
After presenting the roll to the presi-
dent, the minister, through his inter-
preter made a complimentary speech to
which the president replied with the
usual expression of good will. The five
Chinese were attired in their silken
robes of state, which are worn only on
official occasions. Each wore a precious
stone in the top of his hat, all of differ-
ent colors, according to the rank of the
wearer.

Chinamen Dissatisfied.

WASHINGTON, Oct. 4.—The treasury
department has received a letter from
the collector of customs at New York,
transmitting the appeal of Wong Wah
Chong & Company, from assessment of
duty at the rate of 25 per cent. ad val-
orem on certain shell fish imported
from Hong Kong, and claimed to be ex-
empt from duty by the appellants under
the provisions in the free list for
"shrimps, or other shell fish. Duty
was assessed on the merchandise under
the provision for "salmon and all other
fish prepared or preserved," in accord-
ance with the department's decision of
Sept. 13, 1883, wherein dried oysters
and abelones, although recognized as a
species of shell fish, were held dutiable
under this paragraph.

In view of a decision of Aug. 22, 1883,
wherein shelled lobsters preserved in
vinegar are held to be exempt from duty
under the above provision in the free
list, the department decides in accord-
ance with an opinion of the attorney
general, that the principle of the last
mentioned decision is applicable to the
shellfish mentioned in the previous de-
cisions, and the shellfish, covered by the
present appeal, are entitled as claimed
by appellants to free entry.

His First Decision.

WASHINGTON, Oct. 4.—The new com-
missioner of the general land office,
Lewis A. Groff, has rendered his first
opinion in a land case. It was the case
of Johnna's Frederick vs. Fred. Haus-
lein, in the Benson, Minn., land district,
in which an appeal was taken from the
register and receiver. It was found by
the evidence that Hauslein had not
strictly complied with the law in regard
to residence on his homestead entry,
and Frederick sought to avail himself
of the laches in Hauslein's entry.

Hauslein had built a foundation for a
residence, had cultivated ground on his
entry, but had not completed his house,
as the law requires, within six months.
Commissioner Groff holds, however,
that good faith is shown throughout,
and as Hauslein was a poor man and
could only erect a house as the result of
his labor, and had done the best he
could to comply with the law and com-
plete title, he shall not be deprived of
his homestead. The register and re-
ceiver is therefore reversed and Haus-
lein awarded the homestead.

The Pension Granted.

WASHINGTON, Oct. 4.—In the case of
Georgiana Hull, widow of Capt. Alex-
ander Hull, for pension as widow be-
cause of disabilities received by her hus-
band, Assistant Secretary Bussey has
allowed the claim, thus overruling the
commissioner of pensions. The case
was rejected by the pension office be-
cause the evidence as regards the con-
nection of the cause of death—horria-
with injuries received while in the
service, was not considered sufficiently
clear. Gen. Bussey finds that the ma-
terial facts alleged are established
though there are some slight inaccura-
cies as to minor facts. He, therefore,
grants the pension.

America's Success at Paris.

WASHINGTON, Oct. 4.—The depart-
ment of state has received a telegram
from Gen. Franklin, United States com-
missioner general to the Paris expo-
sition, saying that the United States ex-
hibit has been awarded fifty-three grand
prizes, 199 gold medals, 271 silver
medals, 215 bronze medals and 220 hon-
orable mentions, and indicating that
the collaborator's rewards not yet announced
will increase this.

Mails of Sunday.

WASHINGTON, Oct. 4.—The president
has authorized Surgeon General Hamil-
ton, of the marine hospital service, to
keep open the following quarantine sta-
tions: Delaware Breakwater, Cape
Charles and Sapelo Sound.

Postoffice Appointment.

WASHINGTON, Oct. 4.—The postmas-
ter general has appointed David Paul
Liebhardt, of Milton, Ind., superin-
tendent of the dead letter office, to suc-
ceed George E. Hall, of Minnesota, re-
signed.

SWITZERLAND MUST APOLOGIZE.

An Outrage Perpetrated on Americans at
Bern.

BALTIMORE, Md., Oct. 4.—Charles E.
Coates, Jr., a graduate of the Johns
Hopkins university, will go to Wash-
ington in a day or two to lay before
Secretary Blaine a complaint of out-
rages inflicted upon him in Switzerland
last summer. Mr. Coates has been com-
pleting his studies in Germany, and
last August, with George D. Mumford,
of New York, was traveling in Switzer-
land. They journeyed to Bern, and
on the train met a couple of other
Americans. When Bern was reached
all four took a drive and returned to the
depot in the afternoon for the train for
Interlaken.

While standing there Coates heard
his name called, and looking up saw
his new acquaintances being arrested by
an officer. One of them said: "Mr.
Coates, what is the matter with the fel-
low? he must be drunk." Knowing they
did not speak German, Coates asked the
officer what he wanted, but was told to
"Come along too." Mumford was ar-
rested at the same time, and all were
taken into a small room with glass door
opening upon the platform. There they
were kept for two hours for the public
to look at. The detective would give no
reason for the arrest. Then they were
taken to police headquarters. Coates
was searched, questioned and sent to
prison.

No charges were laid against him and
they would not let him make a state-
ment. He had with him a letter of
credit, a passport, a student's card from
Heidelberg, private letters and consid-
erable money. His cell was dark and
swarming with vermin. He was kept
three days on prison fare in solitary
confinement. At the end of the fifth
day he was released with an apology
and told it was all a mistake. Coates
and Mumford went to see the judge
who was to have tried them. He said it
was an outrage and they were entitled
to damages, which, however, would
have to be awarded by the federal
courts. The American consul said he
could do nothing for them. Minister
Washburn said he would get an official
apology from the Swiss government.

INTERNATIONAL EXCURSIONISTS.

First Day Out From Washington—Some
Delegates Decline to Go.

NEW YORK, Oct. 4.—The train bearing
the delegates to the International con-
gress, which left Washington at 8:15 a.
m., arrived at Jersey City at 3:15 o'clock
yesterday afternoon, having been de-
layed by hot boxes. Soon after the
start it was discovered that Mr. Hender-
son, the chairman of the United States
delegation, was not on the train. He
had been left at the station, but by taking
an express train managed to catch his
colleagues at Baltimore where Dr. Stern-
berg was also taken on the special train.

This would not have been possible
had not a delay occurred through the
necessity for cutting off the sleeping
car "Russia." As the party was some-
what smaller in number than had been
expected it was possible to cut off one
car and render the train lighter without
discommodating the excursionists. At
this point it was also discovered that
the new engine which had been provid-
ed to haul the train over the entire
route had heated a bearing. A short
time was spent in an ineffectual effort
to get this in order, when another en-
gine was substituted and the train pro-
ceeded on its way. The new engine
will pick up the train later.

Secretary Proctor occupied a seat in
the car "Columbus," having decided at
the last moment to accompany the party
as far as West Point.

There have been some changes in the
list of excursionists. The delegates
from the Argentine Republic were ab-
sent. Messrs. Estee and Hanson, Ameri-
can delegates, who had intended to
join the party later on, concluded to
embark at Washington. Delegates
Pereira, of Brazil; Navarro and Liman-
touri, of Mexico; Guzman, of Nienau-
gua, and Andrade, of Venezuela, who
were set down as of the party, declined
to go at the last moment. It appears
that many of the delegates to the con-
gress, presumably unacquainted with
the luxurious surroundings and conve-
niences of the modern American palace
cars, were fearful of the fatigues in store
for them during a tour lasting forty
days.

General Order From the G. A. R.

DETROIT, Mich., Oct. 4.—The follow-
ing has been issued from the head-
quarters of the Grand Army of the Repub-
lic: General order No. 3. The follow-
ing named comrades are hereby an-
nounced as the executive committee of
the National council of administration:
S. D. Read, of Evanston, Ill.; Benjamin
Starr, of Richmond, Ind.; O. P. Cutler,
of Topeka, Kan.; Nelson Cole, of St.
Louis; L. S. Clarkson, of Omaha; Wil-
liam S. Pillsbury.

Seceding Foresters.

CHICAGO, Oct. 4.—The supreme exe-
cutive council of the Ancient Order of
Foresters of America, which body se-
ceded from the mother organization in
England, and declared its independent
identity at the recent high court meet-
ing in Minneapolis, has established its
National headquarters in this city.
Since the secession, it is announced the
order has received a new impetus, and
the increase in its membership is un-
precedented.

QUEENSTOWN, Oct. 4.—Mr. E. A.
Burke, ex-state treasurer of Louisiana,
sailed from Liverpool for New York on
the steamer Teutonic, but upon the ar-
rival of the vessel here he disembarked
and returned to London.

Earthquake in Mexico.

CITY OF MEXICO, Oct. 4.—Earthquake
shocks were felt here and throughout
Guerrero yesterday. The undulations
lasted half a minute.

Result of the Election.

Returns Not all in From Back
Districts.

MONTANA IS STILL IN DOUBT.

Both Parties Claim the Election of
Their Respective Candidates—The Of-
ficial Count Necessary to Decide the
Result—Latest From the Other States.

HELENA, Mont., Oct. 4.—The Republi-
cans now estimate their majority in
the state for governor at 100, while the
Democrats claim Toole's election by 400
majority. The political complexion of
the legislature is still in doubt, the re-
turns from Silver Bow county, which
elects eleven members, being still in-
complete. The result in this county
will probably decide the election for
governor, as well as the control of the
legislature.

Returns from outside precincts are
coming in slowly. Carter's, Republi-
can, election to congress is now con-
ceded by the opposition. Both sides
still claim the governorship. It may
require the official count to determine
the question, so close is the vote be-
tween Power and Toole. This county
shows remarkable Democratic gains and
claims of mismanagement are heard
from many sources. The legislature
still hangs in the balance. If Silver
Bow county gives but three Republicans
out of eleven the legislature will be all
right. The majority of the state ticket
is Republican, but big figures have been
knocked into splinters. Most of the
Lewis and Clarke Republican county
tickets have been elected by a small ma-
jority. The count is proceeding slowly
in larger precincts and it will be hours
before any definite calculation can be
made with safety.

The Result in Washington.

SEATTLE, W. T., Oct. 4.—Returns
from nearly every county in the state
indicate that the Republicans elect
John L. Wilson to congress, and elect
Ferry for governor by over 8,000 ma-
jority. There is about the same ma-
jority for the remainder of the ticket,
including the candidate for supreme
judge, Theodore L. Stiles, who is un-
der indictment in Tucson, Ariz., for
embezzlement. The Republicans prob-
ably elect 99 out of 103 members of the
legislature. The constitution is carried,
and prohibition and woman suffrage de-
feated two to one. Olympia has a plu-
rality for the capital, North Yakima
and Ellensburg following, but another
election will decide this point. The
legislature will probably elect John B.
Allen delegate to congress, and ex-Gov-
ernor Watson C. Squire senator.

People Rushing to Pierre.

ST. PAUL, Minn., Oct. 4.—A dispatch
from Blunt to The Pioneer Press says
that already the rush of boomers to
Pierre has begun. The west-bound
train for Pierre passed Blunt last night
loaded with Pierre settlers. Farm
property in that vicinity has already
taken a jump of 100 per cent. The
Sioux Falls Daily Express shows the
following condition of affairs in the
capital contest: Pierre, 13,924; Huron,
11,776; Sioux Falls, 11,410. The success
of Pierre is generally conceded.

Prohibition Not Defeated.

FARGO, N. Dak., Oct. 4.—Notwith-
standing the assertions from other
points that prohibition has been de-
feated in North Dakota, the facts still re-
mains that both Prohibitionists and anti-
have equal grounds for claiming victory.
Official figures up to this hour give 128
majority in North Dakota in favor of
prohibition with outstanding districts
to hear from that have always been con-
sidered about evenly balanced.

COLLISION AT SEA.

Fifteen Lives Lost and a Boat Containing
Thirty-Five People Missing.

ST. PIERRE MIQUELON, Oct. 4.—The
transatlantic steamer Geographic, of
the Bossiere line, Capt. Panset com-
manding, bound from Montreal to
Southampton, with cattle, sheep and a
cargo of general merchandise, which
left Sydney, C. B., on Tuesday, colli-
ded with the Nova Scotian sailing vessel
Minnie Swift, forty miles off St. Pierre,
at 2 o'clock yesterday morning. The
Minnie Swift sank within two minutes,
drowning, as nearly as can be ascer-
tained, two women, three children and
ten men.

The others, with part of the crew of a
Norwegian vessel who had previously
been picked up, got on board the steam-
er, which, despite all efforts, also sank,
at 11 o'clock a. m. Two boats, contain-
ing about thirty-five persons, which put
off from the steamer early in the morn-
ing, are still missing. The third boat,
with the captain and fifteen others, was
picked up by the schooner Sister Bell
and brought to St. Pierre.

Punished for Wife Beating.

BALTIMORE, Oct. 4.—John Eisenber-
ger, 35 years of age, a man of slender
build, was convicted yesterday of brutal
wife beating. Judge Phelps sentenced
him to fifteen lashes and thirty days in
jail. The sentence took the prisoner's
breath, for it is most unusual to inflict
punishment by the lash, but his treat-
ment of a frail wife was more than in-
human. Eisenberger is the fourth man
sentenced to the lash for wife beating
since the enactment of the law in 1833.

A Pension Fraud Arrested.

BROOKLYN, N. Y., Oct. 4.—F. Don
McFadden, a barber, was arrested last
night at Owego charged with personat-
ing a United States secret service
officer and defrauding pensioners at El-
mira.

A WIDOW SUED.

It is Alleged that She Used Money that
Should Have Paid Debts.

COLUMBUS, O., Oct. 4.—Mrs. Fannie
B. Moore, widow of the late insurance
commissioner, Charles H. Moore, was
arrested yesterday on an attachment is-
sued by the probate judge, for failing to
file her account as administratrix of the
estate of the deceased, at the time re-
quired by law, which was March 27,
1888. Mrs. Moore, after the death of
her husband went to New York, and the
creditors were left "in the soup." There
was \$25,000 insurance on the life of Col.
Moore, which was more than covered by
the debts of the deceased.

The widow took the insurance and
went to New York, and service could
not be obtained until Wednesday night,
she being in this city on a visit. Ad-
vantage was taken of her visit here to
bring her to terms. She was brought
into the presence of the court, and was
remanded to the custody of the sheriff
until the afternoon, the continuance be-
ing made at her own request. Among
the creditors of the estate are ex-Gov-
ernor Foster and Gilbert O. Hoover, of
this city. Mrs. Moore will be expected
to file a satisfactory account or will be
remanded to jail.

Will Be Held for Murder.

WASHINGTON, Oct. 4.—Maurice Adler,
the young man who was shot on June
20 last by Frank K. Ward, the well
known dairyman, died at his home in
this city at midnight last night. Adler
was shot through the neck and the ver-
tebrae fractured. The physicians pro-
nounced the wound fatal and predicted
Adler's death in forty-eight hours, but
he lived until last night. During this
time he has been completely paralyzed
below the neck and his case has been a
notable one from the fact that no simi-
lar case is on record. Ward was re-
leased on bail a few days ago, but will
be rearrested and held for murder.

Mormon Girls Imported.

NEW YORK, Oct. 4.—The steamship
Wyoming, of the Guion line, brought
to this port 110 Mormon converts, over-
half of them were young girls, between
the ages of 18 and 18. The entire lot was
grouped in families, and efforts to dis-
cover any of them who were without a
legal or natural guardian, so that they
could be detained, were of no avail.
Superintendent Simpson, of Castle Gar-
den, was confident that many of the
elder people who claimed to be the
parents of the girls were not related to
them in any way. They will take cars
to Salt Lake City.

Rescued in a Dying Condition.

BALTIMORE, Oct. 4.—A cable dispatch
has just been received here from St.
Jago, saying that the steamship Earn-
moor foundered on Sept. 5 and that a
boat containing the first officer, Mr.
Painter, Second Engineer Meldrum and
five sailors had arrived there. The five
sailors are in a dying condition. She
sailed from Baltimore on Aug. 29. Her
cargo was 86,000 bushels of wheat, val-
ued at \$70,000. Rio de Janeiro was her
destination. The Earnmoor was a screw
steel steamer, 1,320 tons. Richard E.
Grey was her captain. She had no pas-
sengers on board.

Electoral Delegates.

NEW YORK, Oct. 4.—The chamber of
commerce elected delegates to repre-
sent the chamber at the twenty-first an-
nual meeting of the National board of
trade at Louisville, Ky., Oct. 16. The
chamber, by resolution, declared itself
opposed to the establishment of the ap-
praisers' stores at Bowling Green, and
recommended that a site be chosen more
central for the shipping interests; the
international American congress to
meet life members of the chamber and
other business men at the chamber,
where a reception will be tendered them.

May Not Be Yellow Fever.

NEW ORLEANS, Oct. 4.—Enrique De-
villa, Colombian consul, who arrived
here from Livingston, Guatemala, by the
steamship City of Dallas on Tues-
day last, died this morning. Physicians
pronounce it a case of yellow fever.
The board of health announces that
there is no cause for alarm. It is be-
lieved that Devilla was sick for some
time before reaching the Mississippi
quarantine station, but in order to get
through and prevent detention of the
vessel he mustered on deck with the
other passengers and crew, and that
this imprudence made his recovery im-
possible.

A Society Wedding.

LENOX, Mass., Oct. 4.—Miss Louise
Theron, of Boston, was married here
yesterday to William O. Endicott, Jr.,
son of ex-Secretary Endicott. Among
those present were Mrs. Cleveland, ex-
Secretaries Whitney, Endicott and Fair-
child with their wives, the Turkish min-
ister, the German minister, the Belgian
minister and many prominent society
people from Boston, New York and
elsewhere. A grand ball was given by
Mrs. Whitney in the evening.

Accidentally Shot.

GLENS FALLS, N. Y., Oct. 4.—Yester-
day afternoon at Warrensburg, this
county, Harry Thomas and Thompson
Tubbs, a brother of Arthur L. Tubbs,
of The Glens Falls Republican, and an-
other youth were shooting at a mark
with a Winchester rifle. By some means
or other the rifle, while in the hands of
young Thomas, was discharged, the ball
entering the brain of Tubbs who fell
dead.

Bancroft's Eighty-Ninth Birthday.

NEWPORT, R. I., Oct. 4.—The Hon.
George Bancroft, the historian, ob-
served his eighty-ninth birthday very
quietly at his cottage here yesterday.
He received many callers and a large
number of congratulatory letters and
telegrams. He is in good health and
possesses all his faculties.

THE EVENING BULLETIN

DAILY, EXCEPT SUNDAY.

ROSSER & McCARTHY,
Proprietors.

FRIDAY, OCT. 4, 1889.

DURING the summer the Pension Office ground out about 25 Ohio pensions a day. A week ago it began issuing them in lots of 150 or 200. There is an election to be held in Ohio, and it looks like one of the biggest departments of the National Government is being manipulated in the interest of Foraker.

KENTUCKY has been honored with a prominent place in the "Sunset" Cox memorial meeting to be held at Cooper Institute, New York, October 10th. Ex-President Cleveland will preside over the meeting, and the orator who has been selected, at the request of Mrs. Cox, is Hon. Proctor Knott, of Kentucky, who will pay the dead "such a tribute as could come only from one who will speak not only as orator but as friend."

The Democrats are still "getting together." Maryland has joined Kentucky, Ohio and Iowa in the demand for tariff reform and the Democracy of the Empire State has fallen into line with the following resolutions:

"The Democratic party of the State of New York, in convention assembled, renews the pledges of its fidelity to Democratic faith, and reaffirms the doctrines of the national platform of 1888, adopted at St. Louis. We have not advocated and do not advocate free trade; but we steadfastly advocate the principles of tariff reform, believing that adherence to the right alone carries in itself the certainty of triumph. We heartily endorse the honest and fearless administration of the National Government by Grover Cleveland."

The Washington Life Insurance Company.

The leading insurance journal of the United States says: "There is nothing better in the life insurance market, in our judgement, than the policies of the Washington." This opinion from such a high source is based on the fact that these policies are nonforfeitable, protected by dividends, unrestricted as to residence and travel after two years, incontestable by their terms and provide at stated periods for the surrender in cash of the full amount of the reserve to their credit. The payment of the full reserve reduces the cost below that of any kind of insurance not embodying a definite contract. Mr. Frederick S. Winston, late President of the Mutual Life of New York, who was insured in the Washington from 1860 to the time of his death in 1885, bears this testimony: "Take the Washington for instance, it is as good as gold; it has been discreetly managed from the first, I have a policy in it." Clarence L. Stanton, of this city, is general agent for Northeastern Kentucky.

The Ladies Delighted.

The pleasant effect, and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions, make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

The Welcome Services Abandoned.

The services announced for to-night at the Baptist Church to welcome the new pastor, Rev. W. J. E. Cox, have been abandoned on account of the death of Mrs. J. L. Browning and Mrs. Dr. James Shackleford, two of the members.

ANOTHER SADDENED HOME.

Death of Mrs. J. L. Browning at An Early Hour this Morning.

The BULLETIN is called upon to-day to chronicle another death that has darkened one of Maysville's happy homes. Mrs. J. L. Browning, whose critical condition was noticed yesterday, passed away at an early hour this morning.

The deceased was stricken down a month or so ago with an attack of typhoid malarial fever. In the course of a few weeks she began to improve and was in a fair way to complete victory, when she was taken with a severe cold, which the best medical skill and the most careful nursing was unable to master, and which resulted finally in spinal convulsions and death.

The deceased was the eldest daughter of the late John H. Wilson, and was twenty-eight years of age. She was married only a few years ago to Mr. J. L. Browning, of the firm of J. M. Frazee & Co. The sympathy of the community and of a wide circle of friends goes out to the grief-stricken husband and the bereaved mother and sister in their sadness and sorrow.

The funeral will take place next Monday morning at 10 o'clock at the family residence on East Third street, services by Rev. W. J. E. Cox, pastor of the Baptist Church, who will be assisted by Rev. D. A. Beardley.

China crape, camel's hair, fallie and amure are the favorite materials for dressy black autumn costumes.

ONE FARE FOR ROUND TRIP.

The C. and O. to Take Passengers to Washington at That Rate.

During the triennial convale of Knights Templar next week, the C. & O. Railway will take passengers to Washington for one low limited fare for the round trip. The fare from Cincinnati will be \$2.50; Huntington, \$12; Charleston, W. Va., \$11. These rates are open to the public. Tickets will be on sale October 4, 5 and 6 at points west of Charleston. The tickets will be good till October 31.

For passengers wishing to visit New York \$10 will be added to the Washington rate, and this additional sum secures a ticket good to New York and return.

The C. and O. is prepared to handle this special business in the most comfortable and expeditious manner. The tickets will be good on all trains including the famous F. F. V., the finest train between the East and the West. It is vestibuled from end to end, lighted with electricity, heated with steam from the engine, and carries a Pullman dining car through between New York and Cincinnati. This is the shortest, quickest and smoothest route to the Capital. Its trains are the most luxurious and its equipment the most perfect. The Alleghenies and the Blue Ridge, through which the road passes, are now in their richest autumn garb.

Her Boilers Let Go.

Serious Loss of Life on the Ouachita River.

OVER FORTY PEOPLE PERISH.

The Steamer Corona Explodes Her Boilers Near Port Hudson, Louisiana—The Vessel a Total Loss, Valued at Twenty Thousand Dollars—List of the Victims.

NEW ORLEANS, Oct. 4.—The steamer Corona, of the Ouachita Consolidated line, which left this city Wednesday evening for the Ouachita river, exploded her boilers at False river, nearly opposite Port Hudson, about noon Thursday, causing the loss of the steamer and about forty lives. The Anchor line steamer City of St. Louis happened near by and her crew saved many lives.

The following is a list of the lost, so far as known: Crew lost—J. W. Blanks, captain; J. V. Jordan, first clerk; Charles C. Elles, second clerk; Swamp Hanna, third clerk; Fred Denkle, bar keeper; Fred Vernon, bar keeper; Patrick Ryan, steward; Dick Curtis, fireman; Tom Shook, engineer; Henry Doyle, porter; James Swipe, porter; Tate, barber; Henry Davis, deck hand; Tom Cook, sailor; Billy Young, second mate, Sam Steel, a boy from Texas, both captains of the deck watch; Mrs. Tom Hough, of Opelousas, sister of Capt. Blanks; Mr. Wilson, of Red River Landing, and fifteen roustabouts, names unknown.

Passengers lost: Dr. Atwell, a chiropodist, and four negro musicians traveling with him;—Scott, of Smithland, La.; Mrs. Davis, of Stockman, Texas; Mr. Koenig; Mrs. Huff, of Opelousas; Mrs. Kaufman's nurse and eldest child.

The Corona was on her first trip of the season, and had but recently been repaired at an expense of \$12,000. She was valued at \$20,000.

The following named passengers were saved: Mrs. Henry Blanks and two children; Mrs. Hann, Mrs. Robert Robertson, Mrs. Kaufman and children, Capt. B. G. Cornwell, Mrs. J. R. Brown, Mrs. J. J. Meredith, Mr. C. E. Mason, Mr. Baughman, Mr. Comstock, of Donaldsonville, and Mr. John Carr, of Harrisonburg.

The following are wounded: Capt. B. G. Cornwell, slightly;—Baughman, residing on Black river, hurt inside, not dangerous; Mr. Comstock, of Donaldson, slightly; J. J. Mooridge, of Columbia, La., slightly; Wayne, a little son of Henry Black, slightly hurt about the face; Charles A. Pearce, of New Orleans, scalded.

None of the wounded are expected to die. Pilot Rollings is badly scalded on the hands. Capt. C. Sweeney is slightly hurt by flying timbers. Mrs. W. E. Robertson is slightly hurt. She says that when the Corona arrived opposite False River Landing, about sixteen miles below Bayou Sara, one of her boilers exploded, tearing the boat to pieces, when she sank in deep water in a few seconds. Mrs. Robertson was wedged in the ladies' cabin with some of the debris lying across her lower limbs, but was suddenly relieved and found herself floating in the river. She sank twice, but luckily was picked up and escaped with only a few painful bruises.

L. C. Rollings, pilot of the Corona, says: "I was asleep in the Texas at the time of the explosion." He does not know how the explosion occurred. He was awakened by the noise it made, and was painfully burned on both hands.

Hon. T. F. Martin, secretary of state, who was a passenger on the Corona, states that he was in the cabin talking to Mrs. Robertson at about 10 o'clock in the morning when the explosion occurred. He escaped with life preservers, and assisted in saving Mrs. Robertson and another lady. There was very little time for preparation for escape as the boat went down like lead a few seconds after the explosion occurred. As the steamer City of St. Louis came down, she was hailed, and took on board all passengers and crew who were not lost in the river.

No one seems to be able to give any explanation as to the cause of the sudden disaster.

The Picayune's Baton Rouge special says: Capt. T. C. Sweeney, one of the owners of the line, who assumed command on the death of Capt. Blanks, says the explosion was not due to a too high pressure of steam. He just had occasion to examine the gauge, and is positive there was not a pressure of more than 135 pounds. The boat had a moderate cargo. She was in mid-stream just below the landing at Arbroth and had just whistled to pass the City of St. Louis, fortunately coming down at the time. The explosion had a downward tendency and blew out the bottom of the boat, causing her to sink immediately. The cabin was torn in two, the rear portion floating down stream and bearing a number of the saved. Capt. Sweeney happened to be forward and started at once to put out the flames, which began to burn in several places. He says the boat would undoubtedly have burned had she not gone down immediately. None of the books, papers or other valuables were recovered.

The City of St. Louis did noble work in saving lives. The Anchor line rendered all assistance possible, and took on board the rescued passengers and crew. When nothing more could be done she came to Baton Rouge, where physicians were summoned and everything possible done for the injured. The only body recovered was that of Fred Overman, the second barkeeper. Three or four of the injured remained on the City of St. Louis and were carried to New Orleans.

Funeral Over Ira Payne. PROVIDENCE, R. I., Oct. 4.—The funeral of Chevalier Ira Payne, the celebrated pistol shot, took place from his late residence at the Payne homestead, 14 Delane street, Olneyville, to-day. The services were conducted according to the usage of the Episcopal church. There was a very large attendance of well known and prominent Providence men, and the sporting, fraternity was well represented.

WHITE LEAD TRUST.
It Now Controls Ninety-Eight Per Cent of the Corroder of the Country.
BALTIMORE, Oct. 4.—John Curtlett, president of the Maryland White Lead company returned here yesterday from New York, where he has been in treaty with the representatives of the National Lead trust. Negotiations have been pending for some time, and yesterday the deal was consummated and all the stock of the Maryland White Lead company was turned over to the trust. The exact terms of the sale are not known, but the works are to be kept in active operation.
The Maryland White Lead company is one of the last lead companies in the United States to be absorbed by the trust, and it is probable that the National Lead trust controls at least 98 per cent of the corroders in the country. The Maryland company was organized in 1867 with a capital stock of \$300,000.

New Company Collapses.
CHATTANOOGA, Tenn., Oct. 4.—The North Alabama Lumber company, of Bridgeport, Ala., recently organized with a capital stock of \$75,000, fully paid up, was attached by creditors yesterday. Delay in the commencement of operation is thought to have caused the embarrassment. The liabilities are about \$100,000 and the assets are estimated to be nearly \$200,000.

Fatal Mine Explosion.
RED JACKET, Mich., Oct. 4.—A terrible explosion occurred in a shaft of the Calumet and Hecla copper mine yesterday afternoon, by which three men were instantly killed, two fatally injured and seven more badly hurt. A dozen or more others had a narrow escape.

Counter Forgeries Credited to America.
ST. PETERSBURG, Oct. 2.—Forged Russian bank bills to the amount of hundreds of thousands of roubles are in circulation in Russia. They are so exactly similar to the genuine bills that the bank officials are compelled to scrutinize them very closely to detect the fraud, and in many cases they have been deceived into accepting them. It is supposed they were made in America.

Gambler Hanged.
MOUNT VERNON, O., Oct. 4.—Half a dozen professional gamblers have been doing business here for several weeks. Late last night Marshal Blythe raided a room at the Berghin house and secured a fair dealer and two players. The dealer was John Williams, of Columbus. He was fined \$25, and each of the players was fined \$10 and costs. Faro and hazard implements valued at \$75 were confiscated and burned.

Passenger Cars Ditched.
CHENEY, W. T., Oct. 4.—Five cars of a westbound passenger train were ditched near here yesterday afternoon by the spreading of rails on account of rotten ties. Six persons were injured. Four ladies were severely bruised, a porter's skull was fractured and the conductor's leg was crushed. The same train collided with a freight train near North Platte, Neb., and a tramp was killed.

The D. of Not Much Profit.
CHICAGO, Oct. 4.—The work of securing a jury in the Cronin case was resumed yesterday. Of the two men passed temporarily one was challenged peremptorily by the defense and the other by the state. Eleven veniremen were examined. Nine were excused for cause, one challenged peremptorily by the defense and one temporarily passed.

Guiltily as Charged.
BUFFALO, N. Y., Oct. 4.—The jury in the case of Gen. Lester B. Faulkner came into court at 10:15 Thursday morning with a verdict of "guilty as charged in the eighteenth count of the indictment" in making a false report of the condition of the Danville National bank, in May, 1887.

PUBLIC SALE
—OF VALUABLE—
Land and Personalty.

As Special Commissioner of the Shelby Circuit Court, I will, on

THURSDAY, OCTOBER 17th,

1889, on the premises, in Shelby County, Ky., one mile from Cropper depot, on the L. and N. railroad, and on the Cropper and Shelbyville turnpike, offer at public sale the splendid, highly improved farm of W. N. Stephens, deceased.

The farm contains four hundred and forty acres of beautifully lying land, in a high state of cultivation and blue grass sod, ninety acres of which is well timbered; has a splendid modern style residence, out-buildings, etc., together with seven never-falling pools of water. The quality of soil being suitable for the cultivation of hemp and tobacco, together with the improvements, makes it one of the most desirable farms in Kentucky, either for cultivating or a stock farm. The land will be sold as a whole or in part, to suit purchasers. Terms made known on day of sale.

At the same time and place, as administrators of W. N. Stephens, deceased, we will sell to the highest bidder all the personal property of said Stephens, consisting of forty-two head of yearling mules, part of them suitable for sugar purposes. For further information as to any of the above land or personally, apply to J. S. Hanna, at the residence, or the undersigned administrators.
